Room for Everyone (review added by Property Owner)

"This home is has so much space. 5 bedrooms with 4 full baths, accommodates everyone comfortably. Having the pool was also great to take a dip in after a long day at Disney.

We will definitely be back! (review added by Property Owner)

"As a family, we have been coming to Orlando for the past 27 years, and with the exception of one horrible hotel experience, we have always stayed on Disney property. This year I talked my girls (reluctantly) into trying a vacation home instead. We are so glad we did! The house is beautiful! The pictures do not do it justice, and since I have 4 daughters from ages 16-25, the 5 bedrooms and 4 bathrooms were beyond perfect! Everyone had their own space! That beats a crowded hotel room, even a Disney hotel room, any day! We didn't do a lot of cooking, but we sure could have! The kitchen had everything we would have needed and more.

It was great coming home to relax after a day in the parks, especially with the private pool, which was much larger than we expected! Plus, for the first time ever, we got to bring our 9 year old Llasa Apsa with us. In fact, we chose this house because the owner didn't just allow dogs, but welcomed them. I admit, that on the drive down, I considered the fact that there might be smells or stains from previous pet travelers. Absolutely not! It was immaculate! This turned out to be the best

vacation experience ever! We will definitely be back!

The only suggestion I have would be to add handrails to the steps into the pool and spa. My husband is disabled and could not safely access these areas. I would think it difficult for older travelers as well. It will not, however, stop us from returning to this great vacation home!"
