Our Stay at Tropical Paradise Villa. 2017 (review added by Property Owner)

" Since this was our second stay, it remains unsaid that we love this place. While we are in our 70's and not much interested in Disney and such, the location for us is ideal. You are 1-1/2 to 2 hours from the water, either the Atlantic Ocean or the Gulf of Mexico. My wife's brother and his wife were with us most of the time. They are from Winnipeg, Manitoba (referred to as Winterpeg). We wanted to get a break from winter in Pennsylvania (which this year has not been much) and it was a welcome break. We have quite a few friends who live or winter in Florida, the central location of the house makes it ideal. Any problems we experienced were handled quickly. If we travel to Florida again in the future and this house is available we will definitely stay here again.
Stayed January 27, 2017 to February 14, 2017"

Great way to relax when not at the Disney Parks! (review added by Property Owner)

" Our stay at the Villa was amazing! We had everything we needed, and plenty of room for our family of 6. We loved the pool and the game room. It was so nice to have a place to come back to and relax and make a few of our own meals after spending time at a few different Disney Parks. Only 1.5 hours from Clearwater Beach, and everything else within 15 minutes or so. When we are ready to do Disney again, this will definitely be the way we go. Thanks so much!
