Back Again!! (review added by Property Owner)

"We stayed at Goofy's from 27/4 to 22/5. As always, the villa was perfect. This was our fourth visit over four years. This time, it was me, our youngest daughter, her son, his girlfriend, and our youngest grandson. Yes, we could have booked a smaller villa, but why compromise quality for quantity? GGG is still the best villa we have ever used. Martin and Julie are wonderful hosts, and the villa is lovingly cared for. We also love Providence; the location is ideal for any route that needs to be taken. The villa is spacious, the pool area is larger than average, with plenty of chairs and loungers. As a bonus, there's plenty of wildlife to be seen while sitting on the pool deck. A fantastic, well-maintained, and well-equipped villa. We're already booked in for next year! So, in the words of Arnie....we'll be back. Thank you, Martin and Julie xxxx

Amazing (review added by Property Owner)

"We have just returned from our stay at Goofy's Golf Resort, Providence. We had a fab time and the villa was fantastic, everything on the website was accurate from the inside to outside, beds were comfy and had all the necessities we could need. Martin was also a great host and always at hand if we needed anything. As a group of 10 (2 families) we couldn't have asked for anything better. We didn't hire a car, we just used uber and lyft which were easy to use and not expensive if anyone was worried about transport, we even think it was cheaper if you take into account insurance, petrol and parking charges. We will definitely be staying again and would highly recommend the Villa. Thank you again Martin for everything. Anne Marie"

WOW!! WOW!! (review added by Property Owner)

"On arrival the villa far exceeded our expectations. It looked amazing on the photos and YouTube but was actually better than we expected. As you enter you get the feel of home and a much loved place from the hand painted themed bedrooms to the cocktail room and games room. The upper floor provides gaming chairs and ps4 c this villa really offers something for everyone. The pool area is spacious with seating area and plenty of sun loungers. Eating outside is a must and all the crockery items you would need are supplied. The kitchen is so stylish and well equipped again all the crockery is of high quality and plentiful. This place blew us away, Martin and Julie the owners have thought of everything even providing things like ponchos, strollers, high chair and an abundance of high quality pool towels, bed linen and bathroom towels. Absolutely NO negatives to this villa other than 3 weeks wasn't long enough. A lovely welcome letter, birthday card and gift was much appreciated, another great touch from Martin and Julie. I would highly recommend this villa, it is definitely the best we have stayed in."

Amazing villa! 🏠🏠🏠🏠🏠

"Having just returned from an amazing fortnight stay at Goofy's Golf Getaway we can definitely confirm that it's the perfect place for larger parties staying in Florida. It's both near to Disney but perfectly peaceful for those much needed rest days! Martin was so easy to deal with from the initial booking and nothing was too much bother. Will definitely be recommending the villa for anyone travelling to Florida in the near future!"

About Goofy's Golf Getaway - Luxury Executive Disney Villa on Golf Course Gated Community, South Facing Pool, No Rear Neighbours and Conservation Views

Our villa is a 6 bedroom, 5 bathroom, measuring 3537 sq. ft./332m². We went for the option of the extended upstairs to give a larger loft area, two bigger bedrooms and enabling two further bathrooms to be added. This means our villa can comfortably sleep 14 people so it is perfect for multiple families. It is south facing so you get the sun on the pool and deck area all day and with a conservation view there are no rear neighbours. Both the pool and the deck have been extended increasing from the standard deck size of 21' x 40' to 30' x 40' and giving a pool measuring 30' x 15'. This means there is 5' of deck behind the pool, which many homes do not have, giving more space to put your loungers. There are a number of upgraded features in the villa. The resort of Providence is situated in Davenport and about 15 miles from Disney World. It is a 24 hour manned, gated community mainly made up of residential or second home properties so gives the community a nice homely feel and also benefits from a Michael Dasher designed Par 72 Championship Golf Course. It is fully air-conditioned, including ceiling fans with lights in every room, with a portable air conditioner in the games room and has free hi speed wireless internet. Our villa is fully managed by a long standing and reputable Property Management Company providing added comfort knowing help and assistance is at hand should you need it. Our villa is decorated and furnished to a very high standard by a local interior design company to give that stylish, sophisticated feel but we also want to incorporate the fun element into Goofy's Golf Getaway so there are three Disney Park Themed Bedrooms. In addition there is a games room, incorporating a pool table, foosball, air hockey, dartboard and flat screen TV. There is also a Playstation 4 games console. There are 42" HD LCD Smart TV's in every bedroom, with a 50" in the master suite. Most rooms also have USB sockets so things like portable devices can be charged without the need for travel adaptors.

There is even a drinks bar.
Games Room (Garage)	The Garage has been professionally converted into a fantastic games room to provide hours of entertainment for everyone. The games consist of a 7' pool table, air hockey, foosball and electronic dartboard. The walls have been painted and decorated with retro wall art and the garage door has been insulated to keep the heat out and covered in a thermal curtain to really give the room a professional look. So it can be enjoyed any time of the day and all year round a portable air conditioning unit has been installed. There is also a wall mounted flat screen Smart TV and a bar table and stools.

There is a built in wardrobe and a wall mounted flat screen 42" Smart TV.
Downstairs Bathroom	The downstairs bathroom is the only one shared by two bedrooms being the king master bedroom and the twin Animal Kingdom themed bedroom but this is a perfect set up for one family should there be multiple families sharing the home.
Loft/Entertainment Area	The upstairs loft/entertainment area measures a huge 14'0" x 24'4". This has been decorated with a London theme and gives another great place to either watch a movie or play on the PS4 console. Enjoy either of these on the other wall mounted 60" 4k Smart Ultra HD TV. There is super comfortable red leather sectional suite and two black leather Barcelona chairs. There is even desk and chair for the organiser of the group to sit and plan the next day's activities. You don't even need to take your washing downstairs as there is also a laundry chute!!
Master Suite	The master suite of the home is a huge bedroom housing a king bed. There is also a leather sofa, white double drawer unit and a wall mounted flat screen 50" Smart TV. The built in wardrobe is massive providing more than enough storage space for all clothes and suitcases.
Master Suite Bathroom	The master suite bathroom has a huge walk in shower, twin sinks and a separate toilet.
Queen Suite	The Queen suite has been decorated with a cool relaxing decor and due to the extended upstairs give the benefit of a private bathroom. There is a large wardrobe as well as bedside drawers and a further chest of drawers. There is a wall mounted 42" Smart flat screen TV.
Queen Suite Bathroom	The Queen suite bathroom offers another private sleeping arrangement without the need for sharing.
Hollywood Studios Themed Bedroom	The Hollywood Studios Themed bedroom seems to be the favourite of the themed rooms from our guest feedback. This comprises two double/full beds so if required can sleep 4 people. Another hand painted mural depicting Mickey Mouse as a movie director and Goofy as a cameraman celebrating how "It all started with a mouse" in black and white adorns the main wall above the beds. A film reel runs around the whole room and the black bedside cabinets, drawer unit and even a Directors Chair really give the room a "classic" feel. There is also a wall mounted flat screen 42" Smart TV.

Hollywood Studios Themed Bathroom

The film theme even continues into this private bathroom with an ornamental film reel on the wall.

Magic Kingdom Themed Bedroom

The final themed bedroom is our Magic Kingdom room with a full wall hand painted mural showing Mickey, Minnie, Goofy, Donald and Pluto on Main Street USA. As well as Mickey Mouse window dressings and a large character print there is Mickey themed bedding. As well as a built in wardrobe there is a white double chest drawer unit and a wall mounted flat screen 42" Smart TV.

Magic Kingdom Themed Bathroom

The private bathroom has two sinks, one at either side of the bath

Deck and Pool Area

The deck and pool are a real highlight of the home. By having these extended the deck measures 30' x 40' rather than the standard 21' x 40' and the pool is 30' x 15'. We chose the option of having the extended deck behind the pool so you can sit in front or behind on any of the numerous loungers. There is a covered lanai where there is a comfortable rattan suite for if you wish to escape the sun for a while and also an outdoor table and chairs for the classic al-fresco dining. The pool also has lighting making evening swimming a real treat
