Great location to be close to everything (review added by Property Owner)

"February 2022

Sure beats 12 inches of snow !!!!

The home was beautiful and very well furnished. Great location to be close to everything. Even had a chance to see a couple of Manatees in the canal at the rear of the house.

The pictures don't do it justice (review added by Property Owner)

"August 2021 - Still Waters SW Cape

This house is beautiful and the location is perfect! The pictures don't do it justice. My husband and I stayed here with 4 teenage baseball players and it was perfectly sized. We were even able to work while we were there in the home office. The pool and back patio were really nice to have, and being able to fish the canal behind the house was fun. Of all the houses I've rented in the past, this one was the most perfectly appointed. It had everything we needed for a week's stay and more! I would stay here over and over again!
