Fabulous Townhouse

"We have just arrived back from a 3 week stay in Isabel's neighbours house (as hers was booked and she looks after theirs too) I have to say it was perfect, lovely size that would comfortably sleep 4 adults and a couple of little ones if needed, all the instructions were clear and access was straight forward, everything you need for a wonderful holiday, we had 3 weeks as we were there for medical reasons so we didn't eat out every night (like you would if you were on holiday) but we had everything we needed to be able to cook meals and supermarkets are a short drive away. We spent some of our downtime by the pool which was never busy and no more than 3 families around the pool at any one time. This is a lovely small complex of just 33 houses and we found it perfect and a very very good price with no HIDDEN EXTRAS (Florida tax, Orlando tax etc) which I was finding when making enquiries on other properties before finding Isabel's. I would highly recommend this place and hope to return one day in the future."

Nice but could be upgraded

"Enjoyed our week at this villa. Quiet estate, nice pool area and felt quite safe and secure there. About 30 to 40 minutes from the Parks but more or less handy for everything. But definitely need your car to get to local shops and restaurants. Generally the house was well maintained however, the mattresses do need renewed.. and the air con , whilst effective was a bit noisy...overall though, fair value for money.."

You can enjoy the convenience and space of our 2 bedroom, 2 bathroom townhouse which has plenty of parking spaces outside. Our home is fully air conditioned and has central heating. For your added comfort there are ceiling fans in every room. Our Florida home is exceptional value for money and makes an ideal base for your family holiday as it is less than 5 miles from Disney World and close to all other major attractions. Just a short drive away. Parking is directly outside our house and there are no steps or obstructions so it is easily accessible for wheelchairs. The master bedroom and bathroom are on ground level so this makes an ideal home for guests with disabilities. We do not supply disabled equipment, however, we can arrange rental through our management company. We have a very good relationship with our neighbours so if the dates you choose are not available in our house then we can arrange for you to stay in an identical house at the same rates.

Community Features

The spacious crystal clear swimming pool and spa are heated all year. This is only a short walk from our home and is floodlit. The pool temperature is kept at 83 degrees while the spa is 103 degrees and complies with Florida state authorities regulations. They are in a raised position overlooking Mango Key Lake. The pool deck is fringed by palm trees and other landscaping. There is a plentiful supply of sun loungers, tables and chairs as well as parasols for those who want some shade. At some parts of the day you may find the pool area very quiet but, between visits to the parks, guests gather for a swim and a chat. Being so close to the attractions you can come home for a swim before returning to the parks refreshed and relaxed ready for the evening's entertainment. An added benefit is that, unlike many private villa pools, you don't pay for pool heating. The BBQ area has tables and benches, where you can enjoy a BBQ in pleasant surroundings of well maintained gardens. Mango Key Lake has some large bass in it. Guests are welcome to catch and release these fish, however. we do not supply any fishing gear or bate. The friendly management team who look after our home have their offices and guest services on site at Mango Key.
